

PRODUCT ADVICE

WOOD KNOT & RESIN BLOCKING PRIMER

All Farrow & Ball paints are eco friendly and comply with the latest environmental legislation regarding the VOC (volatile organic compounds) content of paints.

Availability: In 750ml and US Gallon tins. Available direct from Farrow & Ball, our Showrooms and selected stockists internationally.

Usage: For interior and exterior wood. For use on knotty areas, resinous softwoods such as Columbian pine and oily hardwoods. Helps to prevent stains appearing on the surface.

Preparation: All surfaces must be sound, clean, dry and free from dirt, grease and other contamination. Ensure any resinous residue is removed.

The temperature of the room being painted must stay above 50°F whilst the Wood Knot & Resin Blocking Primer is applied and dries.

The humidity of the room must remain low during application and drying. If the wood is damp, allow to dry for at least 48 hours before painting. Moisture content should be below 10%.

Painting: **Do not paint in temperatures below 50°F or excessive heat above 86°F.**

Stir thoroughly before use. Apply by brush or roller.

Knotty areas – patch prime. 2 coats may be required.

Resinous softwoods and oily hardwoods – apply one full coat.

Clean up: Clean brushes and rollers with warm soapy water.

Cleaning: N/A

Formulation: Based on a 100% acrylic resin.

Storage: This product is water based and must be protected from frost and extreme temperatures. Use within 6 months of purchase. We accept no responsibility for the deterioration of contents or packaging after this date.

Disposal: Though water based, please do not dispose of into watercourse. Waste materials must be disposed of in accordance with relevant regulations. For further information contact your local EPA office.

Health & Safety: Ensure good ventilation during application and drying. Avoid contact with skin and eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin wash immediately with plenty of soap and water or a proprietary skin cleanser. Special precautions should be taken during surface preparation of pre-1960's paint surfaces over wood and metal as they may contain harmful lead. Keep out of reach of children.

Health & Safety Farrow & Ball has engaged in a testing program to document conformity with all applicable regulations,
